RECEIVED  
OFFICE OF THE  
SECRETARY  
2006 DEC 19 P 4:57  
FEDERAL ENERGY REGULATORY COMMISSION

Dear Ms. Salas,

Please be advised that I think that the Broadwater project is too costly, risky and not needed in the Long Island Sound. The need for constant armed private security will disrupt the peaceful tranquil waters of the sound.

This facility will limit public access to the sound and sets a dangerous precedent to industrializing what is now a peaceful body of water that is fully accessible to the public for their enjoyment.

Please do whatever you can to stop the Broadwater project and inform me of your position, in writing, with respect to this environmentally inappropriate and potentially hazardous prospective endeavor.

Thank you in advance for your prompt attention to this matter.

Very truly yours,

John P. Garvey  
45 Elderwood Drive  
St. James, NY 11780
